

Animal Sports Testing, Logistics

LGC Animal Sport Sampling Kits. Reliable.
Customisable. Trusted Worldwide

Introduction

At LGC, we specialise in providing high-quality antidoping sampling kits designed to support accurate, secure, and efficient sample collection across a variety of applications. With decades of experience in scientific services, we are a trusted supplier to veterinary professionals, laboratories, and regulatory authorities worldwide.

What We Offer

Complete Antidoping Sampling Kits

LGC supplies fully assembled sampling kits designed to simplify the sample collection process. Each kit is carefully packaged and includes all necessary items to collect, secure, and transport biological samples such as blood, urine, or other fluids.

Applications Include:

- Veterinary diagnostic testing
- Equine prepurchase examinations
- Animal doping control and welfare testing
- Non-regulatory and regulatory sample collection

Why Choose LGC Sampling Kits?

We understand that one size does not always fit all. LGC offers bespoke sampling kits tailored to your specific needs, whether it's adjusting the type of containers, security features, or documentation requirements. Our logistics team is available to help design a kit that meets your operational or regulatory standards.

• Comprehensive Range of Kits

We offer ready-to-use sampling kits for urine, blood, and other biological samples, suitable for a variety of veterinary contexts.

• Quality and Compliance

Our kits are assembled using carefully selected components that meet industry standards, supporting reliable and traceable sample collection processes.

• Customisable Solutions

Need something specific? We provide bespoke kit assembly services tailored to meet the precise needs of veterinary practices, laboratories, and regulatory bodies.

• Individual Sampling Components Available

In addition to complete kits, we supply a range of individual sampling components such as vacutainer tubes, security bags, needles, labels, and collection containers.

• Trusted by Veterinary Professionals

Our products are widely used by veterinary professionals across the UK and internationally, with a proven track record of supporting effective sample collection and analysis.

Shipping & Freight

- LGC offers prompt and secure shipping services. Freight costs are calculated based on order size and destination and are available upon request.

Secure, and **efficient sample collection** across a variety of applications.

We are proud to combine our scientific expertise with our passion for protecting the welfare of animals and the integrity of sport, which culminate in truly delivering 'Science for a Safer World'.
